WORLD AIDS DAY

The Germany Alumnae Chapter of Delta Sigma Theta Sorority, Inc. proudly participates in World AIDS Day to raise awareness, reduce stigma, and support those affected by HIV/AIDS. Through educational workshops, community outreach, and partnerships with local health organizations, our initiative seeks to empower individuals with knowledge and resources for prevention and care. By fostering open dialogue and providing access to vital information, our chapter aims to make a lasting impact, promoting healthier communities and honoring the global fight against HIV/AIDS.
